Doors 7 PM, Show 7:30 PM
Admission: \$8
Admission plus benefit CD: \$15

Tickets available in advance or at the door

Sonoma County's Prairie Sun Recording and the Phoenix Theater are proud to announce an upcoming concert benefiting the New Orleans Musicians' Clinic (NOMC) that will take place at the Phoenix in Petaluma, CA on April 7th. Featuring eight bands that have made the Phoenix their home, the benefit concert will also serve as the official release of a newly-recorded CD, "Winds of Change," with tracks by the performing artists as well as eight other North Bay groups. These sixteen bands were recruited from the ranks of Phoenix regulars and each recorded one track here at Prairie Sun's professional three-studio facility for inclusion on this compilation.

All proceeds from the sale of this CD will go to helping the NOMC continue to serve the musicians of New Orleans as it recovers, with the rest of the city, from the devastating effects of Hurricane Katrina. Prairie Sun Recording would like to thank Tom Gaffey & the Phoenix Theater, the participating musicians and engineers, and the donors who have facilitated the release of this compilation for bringing together the musical resources in the North Bay in order to help our compatriots in New Orleans.

And check out the Benefit CD, featuring the above bands along with:

Thus Far - One Big Step - Furious Minds - Exposure
Free Cowboy Hats The Brockly Tacos - Popular Front - The Abolitionists

"Winds of Change" and advance tickets for the show will be available at:

Backdoor Disc and Tape, Cotati – The Last Record Store, Santa Rosa – Incredible Records, Sebastopol

The New Orleans Musicians' Clinic is a charitable organization that has been providing health-care services to musicians in New Orleans since its inception in 1998. Besides providing medical attention to a segment of the population that is often without healthcare, the NOMC has also dedicated itself to educating musicians on the importance of preventative care in maintaining their health and thus their musical careers. Please visit the NOMC at <http://wwoz.org/clinic/index.php> to learn more.
